Quarter Finals – 2 points

Semi-finals – 3 points

Runner-up – 5 points

Substitute player

- The majority voted for 'The idea for a substitute player'. (73.9%)
So, I have decided to try out a substitute player for this edition of Jared's Fantasy Tennis League.
- You will have to decide between having a female or male sub as you will only be allowed 1 substitute player.

How will it work?

- The substitute player will be your responsibility.
- If during the first week any of your seeded male/female loses then you will be able to use your substitute player - male for a male and a female for a female.
- This will mean that you can continue earning points with your substitute player.
- This will allow teams which have had a bad start to still have a chance for the grand prize.
- You will only be allowed to use your sub during the first week and it is your responsibility to tell me to swap your one for the other.
